

CCDA Scrutineering verification list – Apr 2018

| | | | | | | | |
|-------------------------------|--|----|--|-------------|--|--|--|
| Owner Name | | | | Reg or VIN# | | | |
| Make & model | | | | Cabin type | | | |
| Class: | | | | Cage Number | | | |
| | | | | | | | |
| 1 st inspection at | | By | | Date | | | |
| Rechecked (if applicable) at | | By | | Date | | | |

Preliminary note: Initial Log Book Scrutineering is not to be done by the builder of the vehicle or anyone who has played a major part in building – you can not do first scrutineering of a car that you have built

Annual scrutineering may not be done by the same scrutineer/workshop in two consecutive years - You can not scrutineer a car that you scrutineered last year.

Engine Bay

| Requirement | Pass | Fail | Notes | Rectified |
|--------------------------------|------|------|-------|-----------|
| Engine securely mounted | | | | |
| No oil or fluid leaks | | | | |
| Wiring secure | | | | |
| Battery terminals covered | | | | |
| All Positive terminals covered | | | | |
| | | | | |

Suspension/Steering

| Requirement | Pass | Fail | Notes | Rectified |
|--------------------------------------|------|------|-------|-----------|
| Steering box mounted to chassis | | | | |
| Steering secure | | | | |
| Suspension mounting | | | | |
| Steering Linkages undamaged | | | | |
| No in cab adjustment for each corner | | | | |
| | | | | |

Underbody and driveline

| Requirement | Pass | Fail | Notes | Rectified |
|----------------------------------|------|------|-------|-----------|
| Make of body and chassis match | | | | |
| Body mounted to chassis securely | | | | |
| Chassis has safe integrity | | | | |
| Less than 75mm body lift | | | | |

| | | | | |
|--|--|--|--|--|
| Gearbox/Transfer no oil leak | | | | |
| Gearbox mounting secure | | | | |
| Diffs no oil leaks | | | | |
| Driveshafts undamaged | | | | |
| Brakelines undamaged | | | | |
| Brake rotors undamaged | | | | |
| Wiring and Air lines secure | | | | |
| No wheel spacers fitted | | | | |
| Correct tyre size for class | | | | |
| Wheel nuts and studs all there | | | | |
| Functioning park brake | | | | |
| Exhaust exits 300mm past rear of cab (ute) | | | | |
| Exhaust exits past rear diff below door handle height (all others) | | | | |
| Fuel tank (s) securely mounted | | | | |

Cabin

| Requirement | Pass | Fail | Notes | Rectified |
|---|------|------|-------|-----------|
| Seats secure | | | | |
| Harnesses secure, mounted correctly and undamaged | | | | |
| Door handles operational | | | | |
| Fire extinguishers in green | | | | |
| Fire ext accessible | | | | |
| 1x 1.5kg or 2 x 0.9kg note | | | | |
| Windscreen washers operational | | | | |
| No loose objects | | | | |
| No sharp edges | | | | |
| Kill switch 12V kill at 2,500rpm | | | | |
| All positive terminals covered | | | | |
| Kill switch 24v | | | | |
| Functioning UHF | | | | |
| Cargo barrier | | | | |
| Firewall between fuel tank and occupants | | | | |
| Fully sealed rear window if radiator in rear | | | | |
| ROPS sticker in good condition | | | | |
| Cage checked (welds, rust, damage) | | | | |

| | | | | |
|---|--|--|--|--|
| ROPS in vehicle matches log book if currently logbooked | | | | |
| ROPS matches examples detailed in ROPS drawing master for design and mounting | | | | |
| Logbook photos match vehicle | | | | |
| Floor and firewall in tact & structural | | | | |
| No fluid lines uncovered Or joins in cabin | | | | |

Body and Exterior

| Requirement | Pass | Fail | Notes | Rectified |
|--|------|------|-------|-----------|
| 1x 1.5kg or 2 x 0.9kg note | | | | |
| Fire extinguishers in green | | | | |
| Fire ext accessible from outside or sticker to indicate position for wagon | | | | |
| Headlights dip | | | | |
| Windscreen OK | | | | |
| Window nets secure | | | | |
| Brake lights | | | | |
| Tail lights | | | | |
| Roll over valve | | | | |
| No sharp edges | | | | |
| Recovery points (red) F&R 2 x 12mm bolts, 4 x10mm bolts or welded | | | | |
| Soft top/FRP/Plastic roof vehicles 3mm alloy or 2mm roof skin | | | | |
| Wheels 70% covered by body or flares viewed from above | | | | |
| Spare wheel correct size | | | | |
| Spare wheel securely mounted | | | | |
| No Sunroof | | | | |
| Batteries securely mounted | | | | |
| Battery terminals covered | | | | |
| All positive terminals covered | | | | |

Recovery gear

| Requirement | Pass | Fail | Notes | Rectified |
|----------------------------|------|------|-------|-----------|
| Snatch strap rated 8,000kg | | | | |

| | | | | |
|---|--|--|--|--|
| Winch Ext Strap 75mm/8,000kg | | | | |
| Snatch Block 7,000kg | | | | |
| Tree protector 75mm/12,000kg | | | | |
| Cable dampener 1kg 900x500mm | | | | |
| Winch with functioning brake | | | | |
| Winch rope OK | | | | |
| Winch hook rated | | | | |
| Winch terminals covered | | | | |
| Helmets AS1698 tagged and undamaged | | | | |
| Gloves | | | | |
| Jack suitable for lifting vehicle | | | | |
| Toolkit | | | | |
| One red/amber flashing multi car light | | | | |
| First aid kit | | | | |

Three photos (one exterior, one engine bay, one interior) to be taken displaying vehicle at the nominated workshop to be emailed to scrutineer@ccda4wd.com.au using ROPS ID# or owner surname as reference if not previously log booked.

Final signoff when complete.

By signing of this document the Scrutineer accepts no responsibility for the safety of the vehicle. The scrutineer has simply verified that the vehicle, as displayed on the day, from what is visible without dismantling has the appropriate items fitted.

| | | | | |
|-----------------------------|--|------|--|--------|
| Final Scrutineer name | | Date | | Signed |
|-----------------------------|--|------|--|--------|

By signing this document, the competitor/owner agrees that they have not hidden any defects on the vehicle and that the safety and condition of this vehicle is their responsibility alone. They also accept that at any point during the next 12 months that the vehicle logbook may be suspended if the CCDA see fit due to the vehicle falling outside of the rule set detailed a version **XX.XX**
